LEGENDS, STORIES FROM THE BUFFALO HUNTERS: Laugh at the arguments of Old Man and Old Woman as they create Mankind. Fly with the Winds as they battle over the Land of the Blackfoot. Watch the wiley ways of Wesuketchuk and Mukaysees as they try to out-trick each other for a feast of ducks and geese. Learn, how, by working together, we can achieve a goal in Frances Fraser's delightful re-telling of *THE BEAR WHO STOLE THE CHINOOK*. All the stories come from Alberta -- a real gift to the world of enchantment and wisdom. Masks, headdresses, coup sticks, props and expressive movement and voices recreate these legends of the Native People with vivid imagination and enthusiasm.

Moving the Human Spirit!

"Very good! It fit well with the curriculum and was a terrific introduction to our legends unit. Excellent use of voice modulation to hold attention. The costumes were beautiful and added an element conducive to the development of *imagination* and the sense of wonder."
